MATLAMAT DAN OBJEKTIF 'MELAWATI BACK TO THE TOP'

Matlamat

- Melawati Back To The Top' – mengacu kepada konsep **ekosistem digital** di sekitar sekolah yang bertujuan untuk meningkatkan aplikasi dan komunikasi digital.
- DASAR PENDIDIKAN DIGITAL & SUSTAINABLE DEVELOPMENT GOALS (SDG 2030)

Objektif

- Memastikan penyediaan sumber, capaian dan peralatan untuk mengupayakan Pendidikan Digital.
- Penyediaan Infrastruktur & Infostruktur Pendidikan digital berkualiti
- Memastikan **pemimpin** Pendidikan digital sekolah kompeten & inovatif.
- J & J : Perluasan pelibatan ibubapa, komuniti, NGO, GLC, swasta & Ksib .

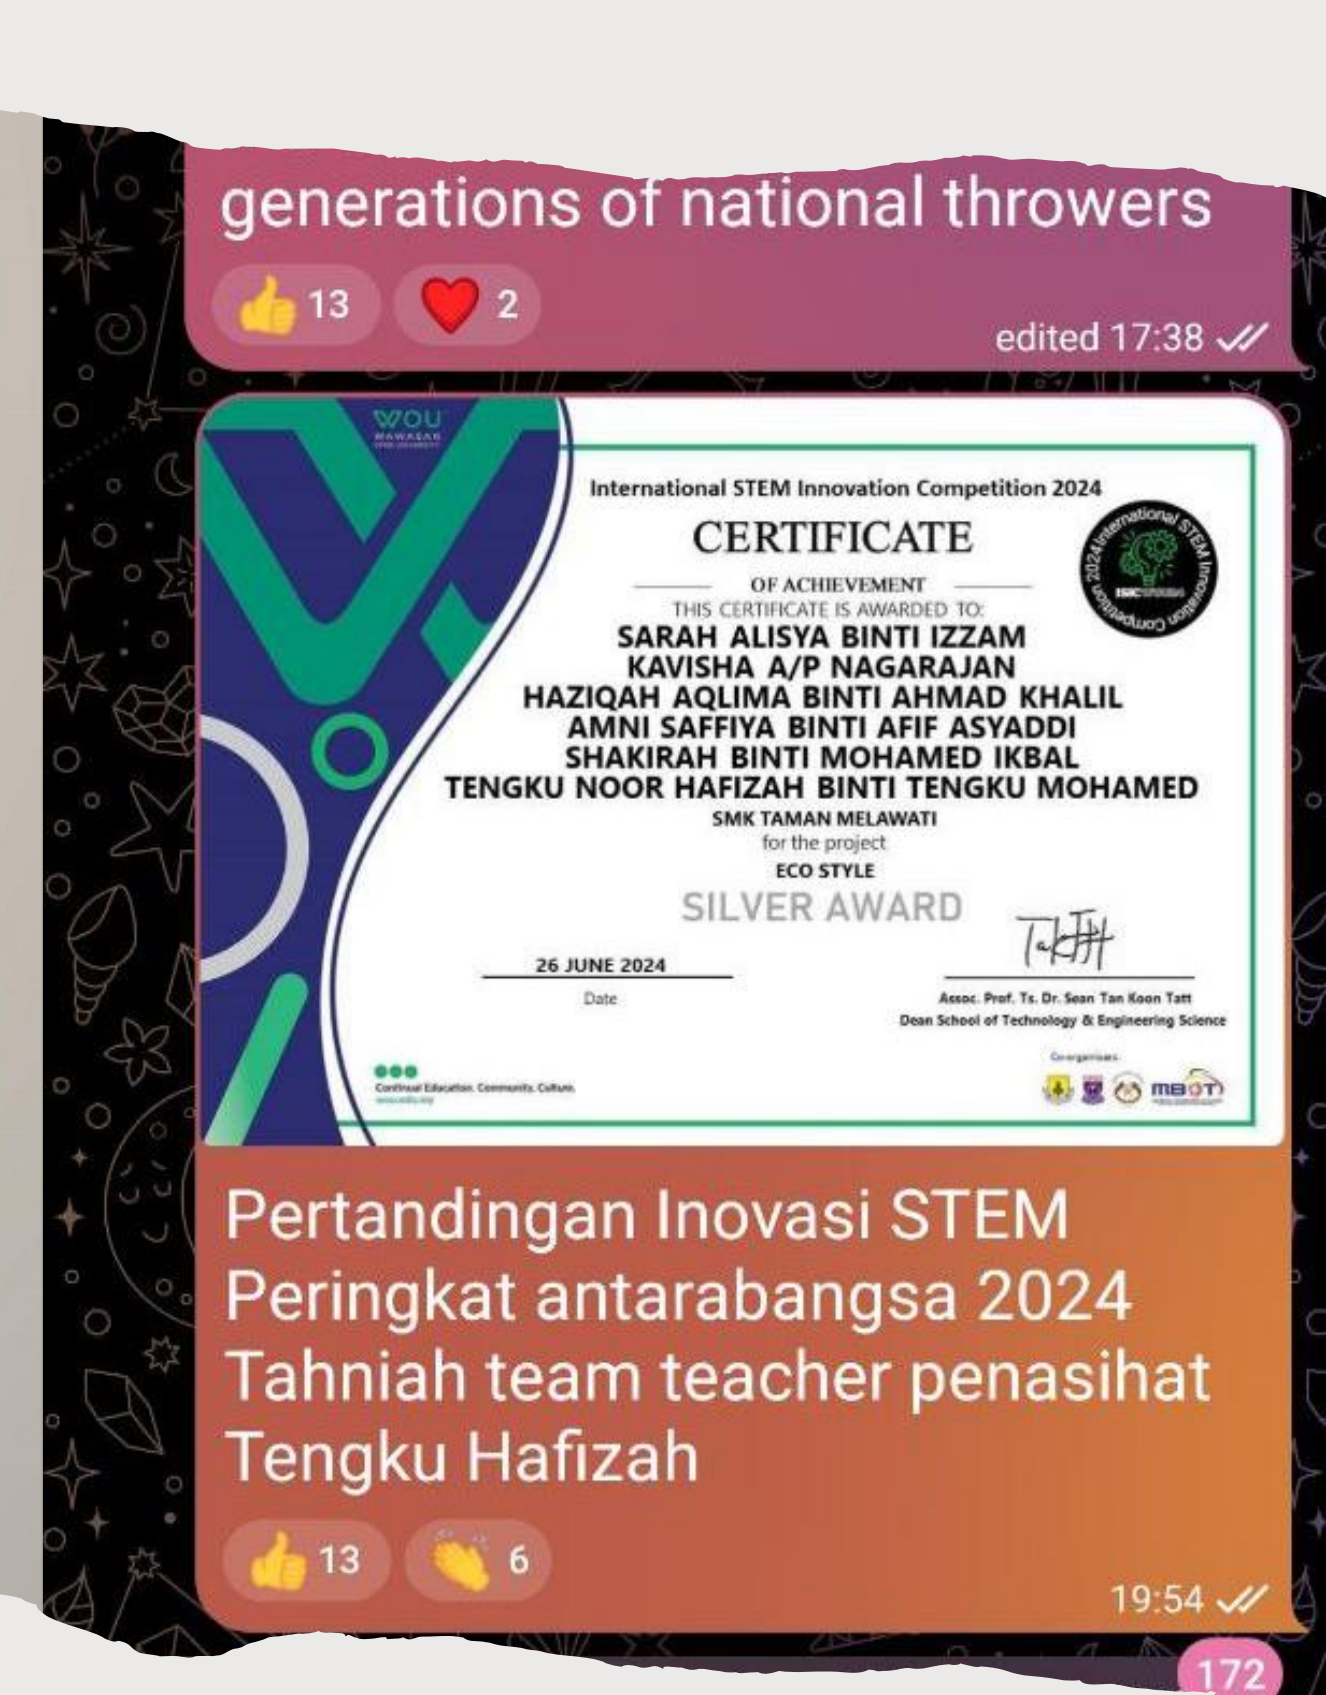

Kepimpinan Digital di SMK Taman Melawati

- Secara Holistik
- Transformasi 360-darjah
- Melibatkan semua pemegang-taruh

Ketua Rombongan Kursus Kepimpinan Pendidikan dan juga Pembentang Utama Seminar Antarabangsa Midnight Sun Summer yang berlangsung di University of Oulu, Finland.

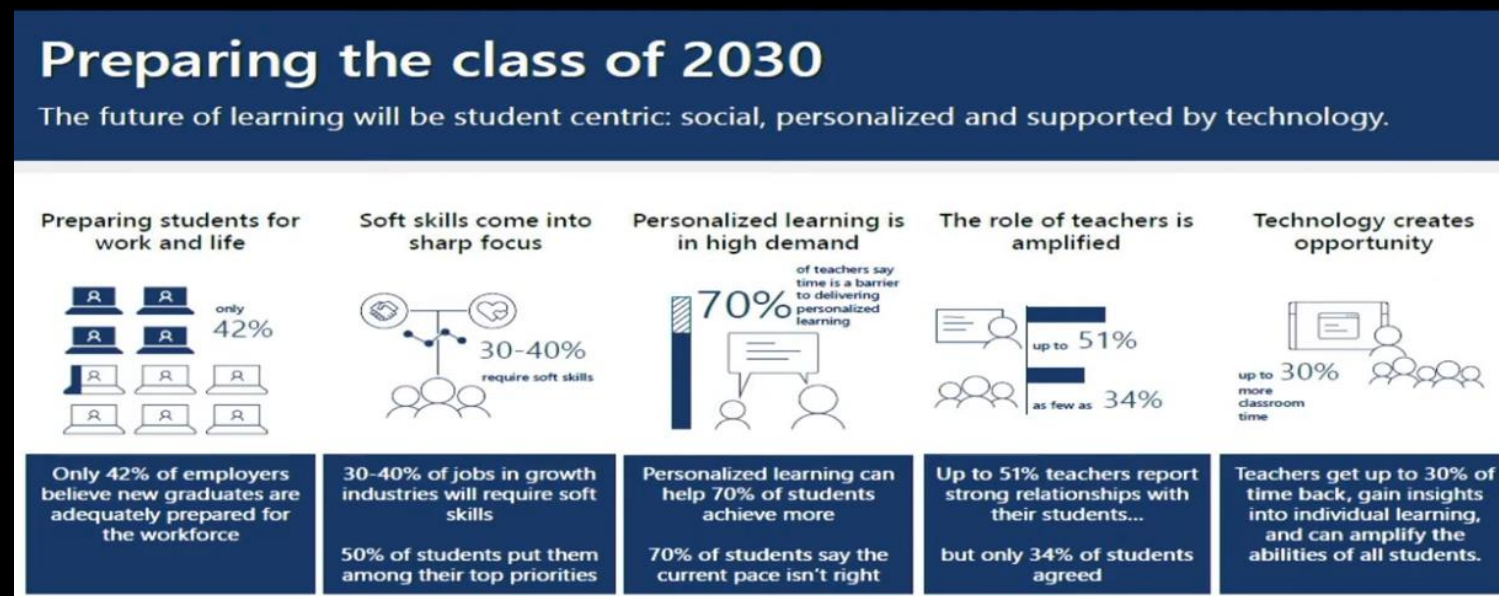

BENGKEL GOOGLE AI (29/8)

1. Fast Track Connectivity: 500 Mbps High-Speed Internet

- Thanks to the PIBG, our school is equipped with 500mbps high-speed internet, ensuring that both students and teachers can connect seamlessly.
- With a monthly expense of **RM316.95**, this investment signifies our commitment to being Wi-Fi ready, providing uninterrupted access to digital resources.

The screenshot shows a Google Meet interface with a presentation window displaying a physics diagram of a lens. The diagram includes focal points (F), optical center (O), and a converging lens. Handwritten notes in red ink are visible on the presentation slide.

Handwritten Notes:

- ③ $\frac{1}{f} = \frac{1}{u} + \frac{1}{v}$
- ② $M = \frac{h_i}{h_o} = \frac{v}{u}$ (No unit)
- ① $P = \frac{1}{f(m)} = \frac{100}{f(cm)}$ (Dioptre)

Additional Notes:

- ③ upright
- ③ diminished
- Convex: $f, u, v \Rightarrow +ve$
- Concave: $f, v \Rightarrow -ve$, $u \Rightarrow +ve$

The Meet interface shows the presenter's name as Ruzita Binti Othman KPM-Guru (Presenting) and a list of participants on the right side.

**PENYELARASAN SKOR PPT

The collage consists of five screenshots from a Google Meet session. The top-left screenshot shows a presentation slide titled "SHARIFAH MAIZATUL ASNO BT TUAN KECHIK KPM-Guru (You, presenting)". The slide contains a table with 20 items, numbered 1 to 20, with handwritten notes in red and blue ink. The top-right screenshot shows the Google Meet interface with participants "ILI IZDIHAR BINTI MOHD SA..." and "MOHAMAD ZAINUDIN BIN...". The bottom-left screenshot shows the same presentation slide with handwritten notes. The bottom-right screenshot shows a presentation slide with a photo of a person and handwritten notes. The bottom-center screenshot shows a presentation slide with a photo of a person and handwritten notes.

2. eMOTI: A Paperless Management Approach

- With the eMOTI platform, we have embraced paperless school management, encompassing academic reporting and co-curricular activities.
- All documentation and event photos are easily uploaded, ensuring that information is always at our fingertips for reference and editing.

Hybrid Learning

Enable learning in physical, digital and hybrid realms, seamlessly spanning formal and informal learning contexts across time, location, and learning media.

Safety, Security, & Privacy

Ensure the safety of students, faculty, and staff using the latest security monitoring, communications, notification, and emergency response systems and technologies.

Optimized & Sustainable Operations

Optimize and increase the efficiency of the daily operation of schools, including administration, logistics, and IT to increase productivity and reduce cost.

Advanced Analytics & AI

Use Integrated data with advanced analytics for system improvements and visibility into teaching, learning, and administration progress within and across classrooms and schools.

3. Engaging Our Community through Social Media

- Our commitment to transparency is reflected in our daily updates about school activities on various social media platforms.
- From our official website to Telegram, Instagram, Youtube and TikTok, we keep our community informed, engaged, and connected.

Educator, Leader, & IT Development

Build collaborative capacity for educators, staff, IT, and leaders as part of a learning community working to continuously improve teaching and learning.

Future-Ready Skills

Empower students with the digital and productivity skills they need to be successful and active participants in the community for employment and entrepreneurship.

Social Emotional Learning

Develop students' ability to manage emotions, set and achieve goals, feel, and show empathy for others, establish, and maintain positive relationships, and make responsible decisions.

Equity, Inclusion, & Accessibility

Provide accessible technology that can meet the needs of all students looking to take greater responsibility for their learning and development of technology skills.

4. Transforming Facilities for Student Comfort

- Through the PIBG/ KSIB's efforts, we have successfully replaced 300 desks and tables in the school hall, ensuring students' comfort during exams.
- We've also secured funding for many projects such as the giant school hall fan, fostering a conducive learning environment.

T1 - rm1822.10
T2 - rm1435.00
T3 - rm1995.00
T4 - rm3933.00
T5 - rm875.80
Jumlah - RM 10,060.90

Alhamdulillah dan terimakasih
ibu bapa semua
Untuk makluman ibubapa Kos
untuk membeli meja Dan kerusi
peperiksaan Di Dewan seri
melawati adalah sebanyak
RM11,900.00

Dengan itu jumlah yg belum
mencukupi adalah sebanyak
RM1839.10

Pihak sekolah sangat
mengalu-alukan sekira masih ada
ibu bapa yg ingin menyumbang
untuk tujuan di atas.
Terimakasih 🌹

Alhamdulillah, hari Sabtu lepas pihak PIBG SMKTM telah berjaya menyediakan satu lagi kemudahan dan keselesaan kepada warga SMKTM.....Syukur sgt2, setelah 6 hari di testing penggunaannya....suasana

6. Smart card Revolution: Attendance & Convenience

- Introducing Smartcard technology for hassle-free attendance, library access, and cashless transactions, we have redefined convenience for our school community.
- These cards not only streamline administrative tasks but also promote responsible usage among students.

Student-Centered Learning

Create a pedagogy inclusive of teaching and learning practices that are project and competency-based, collaborative, and require students to own their learning.

Curriculum & Assessment

New forms of curriculum – whether project-based, personalized or competency driven – require new tools to access, customize and assess progress for each student.

Devices for Learning

Offer students multi-modal learning through voice, touch, and digital ink and increase their ability to retain information, generate new ideas, and use real-world software.

Learning Spaces

Align spatial design with learning goals, so lesson plans drive the classroom setup, instead of the other way around and physical learning spaces are more flexible, collaborative, equitable, healthy, and inspiring.

7. eRPH: Streamlining Lesson Plans

- The eRPH initiative facilitates online lesson plan submissions, allowing for quick reviews and feedback from the school administration.
- This move towards digitalization ensures that our educators can focus more on teaching rather than paperwork, enhancing the quality of education.

CON.1:TELEGRAM KSIB

Liza Zainol

Salam sejahtera sir Jagdave,
Fyi, petang tadi lebih kurang jam 2.20-2.30ptg, berlaku kemalangan kecil di hadapan pagar B. Sebuah motosikal telah melanggar seorang pelajar sekolah yg sedang melintas bersama pelajar lain utk menaiki van sekolah diseborang jalan. Difahamkan kereta lain telah berhenti utk memberi laluan kpd mereka utk melintas tetapi motor tersebut dgn laju telah melanggar kaki anak saya. Diharap pihak sekolah dpt mempercepatkan proses membina/memohon bumper di hadapan sekolah untuk mengelakkan kejadian sama berulang.

Jamila

Sir Jagdave.... saya agak risau melihatkan keadaan lalu lintas ketika anak2 balik sekolah terutama petang. Saya hargai iniatif sekolah supaya guard sekolah membantu pelajar utk melintas. Akan tetapi seorg guard tidak mampu utk cover dikedua2 laluan. Kereta dan motor ke arah laluan bulatan Hillside sangat laju. Seperti tadi sebuah motor hampir melanggar pelajar2 yg sedang melintas sedangkan kereta dah berhenti memberikan laluan. Jadi saya cadangkan pihak sekolah utk berbincang dgn pihak MPAJ utk membina bonggol atau memohon bantuan polis utk mgawal lalulintas.
Saya setiap hari menunggu anak di divider tengah pun rasa takut tgk kereta n motor yg macam x peka dgn kehadiran pelajar2 utk melintas
We need to figure out something before anything worse happen... Thanks

5 18:05

Sir JAGDAVE

admin

👍👍🙏 kami sedang usaha lagi dgn bantuan PIBG dan ahli majlis En Razif

18:46

Za3524

Seperkara lagi yang saya juga perasan, anak2 kita ni melintas disepanjang jalan.. di mana2 mereka rasa nak melintas, mereka akan melintas.. laluan khas yg ada jauh dari pintu keluar mereka, dan pada saya tidak sesuai laluan melintas tersebut diletakkan selepas pagar A.. kerana laluan melintas tu akan menyebabkan anak2 perlu melintas lagi sekali di simpang untuk ke bus stop seberang jalan.. jadi anak2 mengambil jalan pintas dengan melintas dibukan laluan melintas.. ini menyebabkan kenderaan lain terutama motor tidak perasan apabila anak2 melintas.. anak2 melintas bila2 masa kerana tiada traffic light.

Ampang schools made safer by infrastructure upgrades

 Syira

Alhamdulillah. MPAJ telah meluluskan project "covered walkway and waiting facilities" untuk SMKTM sepanjang gate A hingga gate C. Longkang sediaada akan di besarkan dan di buat slap atas longkang baru. Kawasan "interlocking bricks pavement" akan di jadikan kawasan "laybay" utk parking/kereta. Bumbung walk way akan guna "metal roofing" dengan tempat duduk untuk pelajar menunggu (lebih kurang sama dengan SKTM2). Project ini akan bermula minggu hadapan dan dijangka siap dalam masa 6 minggu. Kos project melebihi RM300k. Terima kasih MPAJ.

02:38

hearings to start June 24

METRO NEWS 30 May 2024
MPAJ urged to postpone
assessment tax hike

SK Taman Bukit Teratai students can now wait comfortably under a new covered walkway.

INFRASTRUCTURE upgrades outside several schools in Ampang Jaya, Selangor, have bolstered the safety of students.

According to Ampang Jaya Municipal Council (MPAJ), the upgrades, costing RM1.1mil, included road widening as well as construction of covered walkways and pedestrian lanes.

"These improvements were carried out to address traffic congestion around schools, especially during peak hours.

"The projects also covered the installation of slabs, anti-climb fencing and streetlights," it said in a statement.

Works were carried out at SMK Taman Melawati, SK Taman Muda, SK Taman Bukit Teratai, SMK Taman Kosas and SK Ampang.
